YOUR INVESTMENT

Prime Location

Our **Shoppes at Hope** project was conceptualized thirteen years ago, and we began its planning phase last year. Phase one of the project is located directly off Windward Road, with other phases in train. Its perfect location will serve the 115 families at its sister community, Hope Estate, as well as daily commuters and tourists traversing the island along the main Claude Noel Highway.

Affordability

Our goal for **Shoppes at Hope** is to provide tenants with absolute flexibility in their occupancy so that they can maximize the potential of their business. The establishment of your business at **Shoppes at Hope** means competitiveness in your favour, as consumers now have more options. Tenants will have the option to choose their desired square footage to meet the needs of their business and budget.

Community

As Tobago is heavily reliant on tourism, the opportunities for the retail sector at **Shoppes At Hope** will provide residents of the nearby communities with employment, adding to the positive economic activity in Tobago.

Shoppes at Hope will be Tobago's newest and most exciting commercial complex, providing a secure entertainment experience, and a sense of optimism for commerce and recreation in the island.

Shoppes at Hope

Location

Shoppes at Hope is located along Belmont Road from the turnoff at Windward Road, at the end of our own Hope Estate Residential Community. The city of Scarborough is located less than 5km away, while the ANR Robinson International Airport is less than 20km away.

Shoppes at Hope is set to benefit from ongoing construction by land owners at Hope Estate. It will be the main source of commerce, servicing the residents at Hope Estate, as well as travelers and tourists using the popular Claude Noel highway to connect their trips from East to West.
